

Shared Responsibility in Caring for the Person with Pain

You are cordially invited to participate in Community Connect, a meeting of local prescribers and pharmacists to provide perspectives about shared responsibilities in prescribing and dispensing prescription opioid pain medications. The meeting will feature a panel of thought leaders on chronic pain management, outcomes and policy, and U.S. Drug Enforcement Administration (DEA) regulations.

The prevalence of inadequately treated chronic pain, coupled with abuse, misuse and illegal diversion of medications used in pain management, has resulted in a complex public health crisis. This meeting is intended to help shape and foster improved collaboration between healthcare professionals at the local level in an attempt to better address this challenging problem.

Panel Discussion Featuring:

Bob Twillman, PhD, FAPM

Director of Policy & Advocacy for the American Academy of Pain Management

Chair of the Prescription Monitoring Program Advisory Committee for the Kansas Board of Pharmacy

Kansas City, KS

John Coleman, PhD

President, Prescription Drug Research Center

Former DEA Assistant Administrator for Operations

Fairfax, VA

Bill McCarberg, MD

Founder, Chronic Pain Management Program

Kaiser Permanente

San Diego, CA

David Brushwood, RPh, JD

Professor of Pharmaceutical Outcomes & Policy at University of Florida College of Pharmacy

Gainesville, FL
