***Managing Breakthrough Pain in Patients with Cancer -***

***Featuring Steven Simon, M.D.***

Steven Simon, M.D. Assistant Clinical Professor- KUMED is certified by the American Board of Physical Medicine and Rehabilitation, the American Academy of Pain Management, and the American Board of Disability Examiners. He is an international lecturer on pain diagnosis in treatments, injection techniques, practice management, and pharmacology/use of pain medications.

***Arizona Specific Board Case Reviews and How To Protect Your Practice -***

***Featuring Zaheer A. Shah, M.D., JD***

Dr. Shah received his medical degree from St. Georges University and went on to complete an internal medicine residency at Brown University. He also went on to complete a Doctorate of Juris Prudence at Roger Williams University, School of Law. His special interests include integrative medicine, pain medicine, and addiction medicine. He has most recently come to Arizona and has reviewed all Arizona board cases to research any and all common denominators which allows him to impart excellent information on ways to protect your practice. He will advise on both what and what not to do in protecting your practice from potential board case reviews
